TWO-DAY PADI CERTIFICATION

The PADI Open Water Course is a comprehensive and beginner-friendly scuba diving certification program. It provides essential knowledge and skills for safe and enjoyable diving. Through a blend of theory, confined water sessions, and open water dives, participants learn about dive equipment, underwater techniques, and safety procedures. By the end of the course, divers are certified to explore the underwater world independently, down to a depth of 60 feet, and it's the first step to becoming a certified diver.

Our two-day PADI certification course is more than just a class; it's the beginning of a lifelong passion for the ocean. Day one includes comprehensive training in a controlled environment, covering theory and breathing techniques. On day two, you will venture into the ocean to explore the wonders of the Island's underwater landscape.
